

Have your say

AWARE-NS, the Departments of Labour and Advanced Education, Health and Wellness, and Community Services, the Nova Scotia Health Authority, the IWK Health Centre, and WCB Nova Scotia have come together to identify ways to improve health and safety for employees in health and community services.

If you're a supervisor, manager, or administrator in health and community services, we want to hear from you.

The objective? To develop a five-year action plan to improve health and safety with a focus on employees working in publicly-funded home care, long-term care, and community services organizations.

In order to make it easy for you to provide input, we will be holding consultations in each of the four regions of the province:

Location	Date	Time
Yarmouth , NSCC Burrige Campus (372 Pleasant Street)	November 29	1:00-3:00pm
Halifax , Ivany Place (123 Gary Martin Drive)	December 1	1:00-3:00pm
Sydney , Grand Lake Fire Hall (850 Grand Lake Road)	December 6	1:00-3:00pm
Truro , Best Western Glengarry (150 Willow Street)	December 8	1:00-3:00pm

REGISTRATION IS REQUIRED. Select a location from the options above, and RSVP to Trisha MacIsaac at trisha@awarens.ca or **902.832.3868** ext. 104.

These consultation sessions are for **supervisors, managers, and administrators only**. Employees will have an opportunity to participate in other sessions.

Group consultations will be approximately two hours in length. Input and responses will not be attributed to specific individuals or organizations.

Working together, we will make our health and community services sectors safer for the tens of thousands of Nova Scotians who work in these vital industries every day.
